

YING ZEARK FLOW

COMPANY PROFILE / Industrial valves, flanges & instrumentation fittings

Company identity

YING ZEARK FLOW is the English trading name used by the Chinese company below. We are a China-based supplier working with manufacturing partners to coordinate product enquiries, quotations and export supply.

成都盈泽方舟科技有限公司

Chengdu Yingze Fangzhou Technology Co., Ltd.

English translation of the Chinese company name. The Chinese company is the contracting and payment-receiving entity.

Products & services

Industrial and instrumentation valves; tube fittings and connections; valve manifolds; pressure regulators; sampling and vacuum components; pumps and flange enquiries.

We help clarify part numbers, drawings, materials, connections and operating requirements, then coordinate selection, quotations and required documentation with manufacturing partners. Final configuration, availability and delivery are confirmed for each quotation.

Manufacturing partner

Sailuoke Fluid Equipment Inc. is a manufacturing and supply partner. Factory photographs and manufacturer documents presented on our website relate to that partner. They do not represent factories or certifications owned by YING ZEARK FLOW. Document applicability is confirmed for the named product and order.

Business activities

Technical services, development and consulting; sales of valves, pumps, vacuum equipment and instrumentation; and import and export of goods and technology.

YING ZEARK FLOW

PRODUCT ENQUIRIES / Company details & contact

From requirements to quotation

01 Share your requirement

Send the product name, part number or drawing, quantity and destination.

02 Confirm the configuration

Identify material, connection, operating pressure and temperature, medium and required documents.

03 Review the offer

Review the proposed product, commercial terms and delivery arrangements before placing an order.

Office address

1st Floor, No. 11 Shunhe Street, Wuhou District,
Chengdu, Sichuan, China

四川省成都市武侯区顺和街11号1层
